TDXC is OPEN for Cross Country Skiing, snowshoeing and Fat Biking this weekend

COVERAGE IS THIN as this last stor's snow is VERY dry and light and packed to almost nothing! More snow on the way Sunday night! Season Pass holders - please remember to scan your passes before skiing. Ski School, rentals, and cafe open. 30% off retail to celebrate!

Note on open status of trails. - We are having some technical problems with the grooming report .If the trails are MARKED OPEN - they are GROOMED! FYI - The only loop in the Valley is around coyote crossing. Lower Crabtree Canyon Rd and the upper part of Broken Spoke are open. Groomers choice is Firewalker. The climb up to Blue extra is open, but not beyond. EARLY BIRD is ON for Saturday and Sunday. FAT BIKING welcome all day. Soft conditions - so please only ride what you can ride and choose easier terrain rather than getting off to push. NO DOG TRAILS till we get more snow.
